# Statement from the Minister

*The Honourable Jeremy Harrison*

*Minister Responsible for the  
Saskatchewan Liquor and  
Gaming Authority*

I am pleased to present the Saskatchewan Liquor and Gaming Authority's (SLGA) Plan for 2017-18. The Government's direction and Budget for 2017-18 is focused on *Meeting the Challenge*, finding the right balance between addressing the deficit and ensuring the Saskatchewan people continue to have the programs, services and infrastructure that they need. Government will deliver sustainable, high quality public services in the most cost-effective way possible.

SLGA's 2017-18 Plan is focused on continuing to deliver the new liquor retail model to the citizens of Saskatchewan in order to provide more choice, convenience and competitive pricing. SLGA's net income provides sustainable funding in support of government programs and services. This Plan will focus on promoting net income growth in a socially responsible manner through changes to the VLT program and collaboration with partners and stakeholders under the new liquor retailing model. Promotion of an engaged workforce will continue and employees are encouraged to bring forward improvement ideas to foster a culture of continuous improvement and safety. SLGA will strive to provide a great customer experience and will engage customers and measure customer satisfaction to achieve that goal.

I am committed to report on the progress made towards this Plan in the 2017-18 Annual Report, and I look forward to the opportunity to further our Government's commitment to *Meeting the Challenge* through strategies that support sound economic growth and shared prosperity.

# Financial Summary

SLGA's 2017-18 financial plan supports the organization's key strategies that are designed to assist Government in achieving its plan for *Meeting the Challenge*. The main financial outcome for SLGA is its net income target which consists primarily of the following components: provincial VLT revenues, Saskatchewan Indian Gaming Authority (SIGA) net income and profits from the liquor sector.

SLGA's net income is essential to supporting broader provincial objectives. For 2017-18, SLGA is budgeting a net income of \$523.3 million. SIGA net income is forecast at \$82.0 million and VLT net income is budgeted at \$180.7 million. Liquor retailing and liquor wholesaling is expected to net SLGA \$300.2 million. The net income from these areas is offset by the net cost of licensing, regulation and support in both the liquor and gaming areas of \$39.6 million.

Overall, SLGA's capacity to continue to generate additional revenues is impacted by a variety of economic variables, weather and public policy choices. Maintaining a balance between revenue generation and social responsibility contributes to SLGA's success in supporting government goals.
